

## Late Stage Alzheimer's Disease: Planning and Preparing for End-of-Life Care

### This is a 3-part series

In the late stage of Alzheimer's disease, caregiving typically involves new ways of connecting and interacting with the person with the disease. Join us for this 3-part series and hear from caregivers and professionals about resources, monitoring care, and providing meaningful connection for the person with late-stage Alzheimer's and their families.

### Special Guest for Session 3

Dr. Charlea Massion Chief Medical Director for Hospice of Santa Cruz County, Dominican Hospital Inpatient Palliative Care Physician, and Board Certified Hospice and Palliative Care Physician

### This program will cover:

- ❖ Distinguishing between the late stage and the end stage of the disease
- ❖ End stage changes for persons with dementia and the caregiving role
- ❖ Options for end-of-life care, including hospice and palliative care
- ❖ Support for caregivers through this stage of the journey
